

For nearly 20 years, Sign Pro of Mankato has been developing comprehensive signage solutions for companies large and small. Our turn-key, integrated approach focuses on customer service and problem solving. We provide design, permit, survey, project management, fabrication, installation and service all under our roof.

We look forward to working with you

There is nothing more important to Sign Pro than building relationships. As a full-service sign company, we will manage your project from conceptualization through installation and beyond. Every project we undertake involves a team of professionals that manage your signage project to create value for our customers and 100% satisfaction.

Sign Pro works with a wide variety of customers on a daily basis. This includes architects and designers, contractors and developers, small business to corporate America as well as sign and graphic companies across the country. Sign Pro provides a full array of individual services such as

- **surveying**
- **permitting**
- **fabrication**
- **installation**

as well as complete solutions to meet your signage needs.

Sales • Design • Installation

Every signage solution that Sign Pro provides starts with a great design. Our team of experienced graphic specialists knows signs. Along with our sales team, they will work with you to make your vision come to life, and that is only the beginning!

Whether it's a sign that we've designed and built, or one that you have shipped in, Sign Pro is equipped to handle all of your installation needs.

Our installation crew is among the most experienced in the region with years of "hands on" expertise. No matter what the job, large or small, Sign Pro gets the job done regardless of how multifaceted it may be.
